

# The Federation Video Zine Catalog

The Federation produced the first (and, to our knowledge, the only) video magazine for Doctor Who fans from 1986-1989. Each issue was two hours long and featured fan videos, clips, interviews with Doctor Who personalities, and an episode in our continuing soap opera "Thirteen Lives to Live".

Issues are now available for ordering! Copies are made when ordered. Availability is VHS or Beta. The cost will be the same as it was ten years ago: TEN US DOLLARS per issue, but with the addition of \$3 postage (in other words, each VZ is \$13).
